# OBJECTIVE

By the end of this course, you will learn practical ways to help students/children increase everyday vocabulary, boost language and reading comprehension skills.

# PURPOSE

As a teacher, I have seen that many students and even adults, are struggling with understanding everyday vocabulary. Lack of vocabulary skills lends into low reading comprehension, lack of fluency or misusing terms.

# GOAL

The solution to the lack of vocabulary skills problem is to increase everyday vocabulary exposure, provide explicit learning tools and to reinforce vocabulary review activities.
